Officer Mansfield, I hereby report at 5-55 P.M. Lieut. Brown sent me to the lake at Cedar Brook Park, stating that some boys fell in. On arriving there the same time as the Rescue Squad from Fire Hdqrs in charge of Lieut. N.J. who fell through a thin layer of ice at the south west corner of the lake. Roy was pulled out at about 6-20 P.M. the firemen worked over him with artificial resusitation and an inhalator for some time without any effect.

Plainfield N.J. June 2nd 1933
State vs Arthur J. Schaub
Voluntary Statement of Thos E Bray Patrolman
610 Plainfield Ave - Plainfield N.J.
Statement taken by Norman E Smalley - Clerk

At 5.20 P.M. Sergt Bader sent me to 911 East 2nd street, City, to investigate a report that a small child had just been struck in front of this address by an automobile. I hurried to the scene of this Accident and learned that the child who was injured was in the house with its mother, and that she refused to allow any one to take the child to the Hospital. I ordered the mother of the child Mildred Manhattan to get into an Automobile driven by James Farrell of 350 Baily ave, Perth Amboy N.J. and take the child Robert Manhattan, age 5, to the Hospital Immediately. I later learned that the boy was pronounced dead by Doctor Orton at 5.40 P.M. at Muhlenberg Hospital.
At the scene of the accident I found Dominick Commune of 213 Johnson Ave, City. Who stated to me that he saw the truck driven by Arthur J. Schaub, 36 Highland Terrace, Irvington N.J. Truck license X 53553 N.J. - Drivers License 4280338 N.J., employed by Insdorf Brothers of 905 Broad St, Newark N.J. Coming West on East 2nd St, and when it reached a point one hundred and fifty feet West of the intersection of E 2nd Street and Garfield Ave. he saw the Manhattan boy right in front of his truck, but did not see the boy up until this time. I placed the driver of this truck, Arthur Schaub, under arrest and charged him with manslaughter, when I heard

from the Hospital that the child was dead, Detective Denny and I measured the skid marks on the road and found them to be fourty feet, (40 ft) from the point where they started to the rear wheels of the truck. The truck was not moved after the accident until pictures had been taken by Officer Flynn Arthur Schaub, the driver of the truck, stated to me that while he was driving his truck, a two and one half ton delivery, West on east 2nd Street, about one hundred and fifty feet West of Garfield Ave, he saw the Manhattan boy on the south curb opposite his home, 911 East 2nd Street, at the same time a Union line trolley was proceeding east toward him, and when the trolley was passing his truck the Manhattan boy ran behind the trolley and the next time, he saw the boy was in front of his truck, he struck him with the right side of the bumper and carried him until the truck stopped. He then ran to his mother who was coming out of the house at this time, Mrs Manhattan stated she picked the boy up from the road way, and carried him into the house herself.

Sidney Brown 346 Emerson Ave. Plainfield, N.J. Telephoned at 9-35 P.M. stating a lineman is caught in wires on pole at Richmond St. and East Second St. I sent Detective J. V. Denny Officer T. Bray and R. Wainwright to investigate, and James Peasall City Electrician, also notified the Public Service.

John V. Denny I hereby report that a man was caught on the electric wires near the corner of East Second St. and Richmond St. We found Joseph Brash 216 North Jackson Ave. North Plainfield, N.J. a New Jersey Bell Telephone Company lineman sitting on a carrier attached to a heavy cable wire and close to a pole about 75 feet east of Richmond St. and on the north side of East Second St. He was conscious and stated that he felt all right but for safety's sake Russell Higgins 1584 Windsor Ave. Pa Public Service lineman climbed the pole and fastened a rope about his body. Brash then climbed down the pole himself. He stated that he was seated on the carrier about mid-way between two poles repairing the telephone wire when a Public Service Trolley Signal wire with most of the insulation worn off struck him upon the left forearm burning him and sending a shock through his body. His cries for help brought Sidney Brown 346 Emerson Ave. and Dominic Maria 146 Johnston Ave. two painters working in a house nearby and they threw a rope over the signal wire and pulled it away from Brash's body. He was then able to work the carrier along himself to the nearest pole. First aid treatment to the burns on Brash's arm and right shoulder was administered by Public Service employee's and Brash was taken to his home by his foreman. His burns were considered painful but not serious.

I was called into a Ladies Hand Bag Factory at 416 West Front St. over Phil Mechanik's Store where a number of young men employee's of the firm were on strike and trying to prevent the rest of the employee's from going to work. The trouble it seems developed from the fact that the firm did not put the new N. R. A. working code into effect. On talking with Mr. A. Miller the owner of the plant, he said the firm was waiting for instruction from the association which they were connected with before rearranging the working hours, after talking with the men I told them to stay away from the property and no further trouble.
